

JACK JOHNSON IS INDICTED

Pugilist Found Hiding In a South
Side Hotel

SURROUNDED BY GUARDS

Warrant Served Without Serious Diffi-
culty and Fighter Later Released on
Bail—Charge Is a Serious One
and the Penalty Heavy.

Chicago, Nov. 8.—Jack Johnson, cham-
pion negro pugilist, was indicted by the
federal grand jury yesterday, charged
with violation of the Mann act against
the transportation of women from one
state to another for immoral purposes.
The indictment has four counts.

Federal officers searched the south
side several hours before finding John-
son, who was hiding in a hotel surround-
ed by negro guards.

The warrant was served without
serious difficulty and Johnson later was
released on bail.

COMMERCE COURT TO BE ABOLISHED

Interstate Commission Will Be Demo-
cratic One Year
Hence.

Washington, Nov. 8.—Abolition of the
commerce court and a change in the in-
terstate commerce commission will be
important results of the election, said
traffic experts here yesterday.

The death knell of the commerce court
was sounded by the Democratic land-
slide. Democrats will also probably con-
trol the interstate commerce commission
within two years. Life of the commerce
court is limited by congressional act to
March 4 next. This "pet project" of
President Taft is bitterly opposed by
Democratic leaders.

Four Republicans and three Democrats
now comprise the interstate commerce
commission. Of these the term of
Commissioner Clark of Iowa, a Repub-
lican, expires December 31 next—during
President Taft's incumbency. Clark or
another Republican will certainly be ap-
pointed by Taft. The term of Commis-
sioner Judson G. Clements of Georgia, a
Democrat, expires December 31, 1913.
On December 31, 1914, Commissioner
Prouty closes seven years of service.
Prouty is the first Republican whose
term expires after Wilson becomes pres-
ident. His retirement will furnish the
first opportunity to give the Democrats
a majority and control of the interstate
commerce commission on January 1,
1915.

CHURCH IS DYNAMITED.

be attacked. Moreover, with an aggres-
sive
Gambling Crusade.

Canton, O., Nov. 8.—An effort was
made early this morning to blow up
Calvary Presbyterian church here. Dy-
namite was discharged beside the build-
ing and part of the foundation was
blown away. Windows in the church
and in a residence adjoining the church
were broken out. Three sticks of dynamite
failed to explode.

The motive of the dynamiter is sup-
posed to be revenge. The pastor, the
Rev. E. B. Townsend, has been active in
a crusade against gamblers and keepers
of disreputable places.

REFUSES PAY FOR 20 YEARS.

Health Officer Wants \$1,500 or Nothing
—Gets Nothing.

Newton, Mass., Nov. 8.—For the twen-
tieth time in as many years Francis G.
Curtis has refused \$1,000 as his salary
as head of the board of health. He holds
that the position should pay at least
\$1,500. Unless the city gives him that
amount he will persist in giving his
services free.

During the twenty years of service in
the capacity as superintendent of the
board of health Dr. Curtis has never
been offered more than \$1,000 con-
sequently he has not taken one cent from
the city for his work.

NEW TOURMALINE RECORD.

Nearly 25,000 Carats in Crystal Form
Taken from Mine at Portland, Me.

Bangor, Me., Nov. 8.—Another mar-
vellous tourmaline pocket has just been
opened by F. L. Harvey at his gem mine
in Poland. Again the world's record has
been broken, as this pocket far exceeds
in value any of the five previous ones
that Mr. Harvey has discovered at that
place. The largest one of his has heret-
ofore taken out of his mine weighed
4,000 carats when cut into brilliant,
while from the pockets opened Wednes-
day nearly or quite 25,000 carats of
green tourmaline in the crystal form
have been taken. When cut into gems
these crystals will make 6,000 carats.

FIRST GUNMAN PUT ON TRIAL

"Whitey Lewis" First Gangster
to Face Jury

ON CHARGE OF MURDER

First Man Is Frank Muller, Alias "Whi-
tey Lewis," Already Identified as
One of the Slayers of Her-
man Rosenthal.

New York, Nov. 8.—Frank Muller,
known as "Whitey Lewis," went on trial
to-day as the first of the four gangsters
indicted for the murder of Herman Ros-
enthal to face the jury.

After his trial "Lefty Louie," "Gyp
the Blood" and "Dago Frank" will be
tried in turn.

A special panel of 200 veniremen was
summoned to appear at an extraordi-
nary term of the supreme court this
morning.

Former Magistrate Wahle, counsel for
the gunmen, said yesterday that he was
ready to go on trial, and that he would
not accept a plea of murder in the sec-
ond degree, if the district attorney of-
fered it. He was confident, he said, of
an acquittal. Those who have seen
"Whitey Lewis" say there is no doubt
about his thoughts. He either does not
care what becomes of him or he believes
he will win his case. He shows no sign
of emotion.

SPORTING NOTES.

For a figure larger than has ever been
offered to a St. Paul manager Hugh Duffy
has not yet decided whether he will lead
that club in the American association
next year. Duffy, who formerly man-
aged the White Sox club, is reported to
have been offered \$7,000 for a year's
service.

As the season progresses at Cornell
the work in the football department
shows a greater demoralization. Last
Saturday Cornell was humbled by the
Williams college team and in a practice
game the earlier part of this week the
varsity team met defeat from the fresh-
man with a 6 to 0 score. This coming
Saturday Dartmouth, providing a full
coterie of its stars are in the line-up,
should tally nearly 40 points on the
Ithacans.

The Boston Nationals are very for-
tunate in securing for their secretary a
man of Herman Nickerson's calibre. Nick-
erson, in the past decade became active in
baseball circles through his connection
with the sporting department of the
Boston Journal and now leaves the edit-
ing ranks to become more closely iden-
tified with the national game.

There is much talk of Hank O'Day
donning the blue blouse. While Herri-
mann has been scouting for a player-
manager Hank forwarded his official re-
signation. O'Day is one of the most re-
liable umpires of the game to-day.

The Vanderbilts eleven is stationed at
Cambridge. Last year when Vanderbilt
won the undisputed championship of the
south they received four places on the
all-southern eleven. Capt. Hardage and
Brown of this year's team having such
honors. Morgan, the Vanderbilt center,
stands six foot three inches and has
passed the hall unerringly for two sea-
sons previous. He is a great defensive
player. Derry Parmenter, the plucky
little Crimson center, must not take this
news lightly because he lost nearly ten
pounds playing Bleuthenthal last Satur-
day.

Seven years ago is the last time that
Frederick won his annual football game
from Andover. Tad Jones has been ex-
erting himself to his utmost all the year
to effect a victory, but this week he dis-
abled himself by taking an active part
in the scrimmage. In a recent practice
he fractured a rib and severely injured
his left shoulder.

Thirteen coaches have been added to
the Pennsylvania squad in preparation for
the Michigan game. Capt. Roy Mer-
cer has been taking things easy for the
past week so that he will be primed for
the battle.

Holy Cross will be without the services
of its brilliant halfback, Milliken, who
has again wrenched his ankle. Milliken
received a similar injury in the Yale
game and was on the side lines for sev-
eral weeks.

Much interest is being centered in the
six-day bicycle race at the Boston Arena.
The big race is drawing to a close Sat-
urday night should furnish an exciting
evening's time for the followers of the
bike game. Bobby Walthour, the vet-
eran southern rider and Elmer Collins,
the Lynn lad, are teamed, running a few
lap behind. This pair are confident that
by the close of the race they will make
things hot for the leading teams.

It is encouraging to Dartmouth follow-
ers to learn that Ed Curtis will be back
in the game for the Harvard game a
week from Saturday. Curtis was one
of the stars of the freshman team last
fall and all fall has been unable to make
his regular appearance owing to injuries.
Curtis is the best punter at the New
Hampshire school and is capable of kick-
ing 40 yards consistently from behind
the line.

Mike Murphy, the veteran trainer at
the university of Pennsylvania, who has
been in poor health for some time, has
gone into camp at State College, Pa.,
where he will remain temporarily in
hopes of regaining his health.

A grape basket for the clothes pins,
with a wire hook fastened to the handle,
will save much time when hanging out
the clothes, for it may be pushed along
the line and will always be handy.

fellows, who are the real force in nearly all the important
business activities of the country—you're the fellows who can ap-

fine suits and overcoats. The best of all the
styles for you young men are found in the
new Varsity line. It's a good title; college
men are pretty keen judges of good clothes;
and what they approve is apt to suit the rest
of us pretty well. The Varsity line is cap-
turing the college towns; and it ought to.

The smart, new two and three-button
sacks; the long, soft roll lapels; the new
ideas in the making of trousers; you'll have
to see them to know; the lively models in
overcoats, with new treatment of belts and
backs; all these things are worth while.

We can fit you quickly; a few minutes is
enough; stop here a few minutes some day
as you're hustling by and see how quickly
and how well we'll fit you out.

PRESIDENT TAFT SAYS GIVE THANKS

Thanksgiving Day Proclamation Dwells
on National Prosperity.

Washington, Nov. 8.—President Taft
issued the time-honored Thanksgiving
proclamation yesterday, calling on the
nation to give thanks November 28 for
past blessings. He departed from the
usual text in a paragraph which speci-
fied how strong and steadfast the peo-
ple were in the "conservation of the heri-
tage of self-government bequeathed to
us by the wisdom of our fathers," and
their firm resolve "to transmit that heri-
tage unimpaired."

The proclamation says in part:
"A God-fearing nation, like ours, owes
to its inborn and sincere sense of
moral duty to testify its devout grati-
tude to the All Giver for the countless
benefits it has enjoyed. For many years
it has been customary at the close of
the year for the national executive to
call upon his fellow-countrymen to offer
praise and thanks to God for the man-
ifold blessings vouchsafed to them in
the past and to unite in the earnest sup-
plication for their continuance."

The year now drawing to a close has
been notably favorable to our fortunate
land. At peace within and without,
free from the perturbations and calam-
ity that have afflicted other peoples;
rich in harvests so abundant and indus-
tries so productive that the overflow of
our prosperity has advantaged the whole
world, strong in the steadfast conserva-
tion of the heritage of self government
bequeathed to us by the wisdom of our
fathers and firm in the resolve to trans-
mit that heritage unimpaired, but rat-
her improved to good use, for all time
and our children's children, for all time
to come, the people of this country have
abounding cause for contented grati-
tude."

EXTRA SESSION ON THE TARIFF

Close Friends of President-Elect
Declare It His Plan

SOON AFTER HE TAKES OFFICE

Anxious to Clear Way for Other Legis-
lation—Will Seek Progressive Enact-
ments to Keep the Democrats
from Lining Up with T. R.

Washington, Nov. 8.—Almost immedi-
ately after he takes the oath of office
on March 4, President Woodrow Wilson
will call an extra session of Congress
for the purpose of revising the tariff. In
spite of talk to the contrary, it is
learned that his mind on this matter is
made up.

Close friends of Governor Wilson have
talked with him since he won his victory
of Tuesday. They found that he intends
to call Congress in extra session next
spring and get tariff revision out of the
way. He does not intend to wait until
the regular session in December, 1913.

Tending strongly to confirm the de-
claration that there will be an extra ses-
sion is the fact that Oscar Underwood,
majority leader of the House, since the
election has come out with a statement
that he favors an extra session to re-
vise the tariff. It is known that Gov-
ernor Wilson and Mr. Underwood in re-
cent months have conferred on the tariff
and found themselves in close accord.

One of the reasons why the president-
elect is best on having the tariff dis-

posed of at an extra session is that he
wants to see Congress take up the other
important matters at the regular ses-
sion, which will begin in December,
1913. The trust problem will have to
be attacked. Moreover, with an aggres-
sive Progressive party on a solid founda-
tion in the country the Democrats
will be compelled to undertake some
measures of social reform.

It is declared here that Governor Wil-
son's plan will be to try to bring about
such progressive legislation in the way
of social reforms as to make many Pro-
gressive Democrats stay with their
party, and thus prevent the Progressive
party from becoming as formidable as it
would become otherwise.

The word will be transmitted to the
Democratic leaders in the Senate this
winter to pass the bill for the creation
of a department of labor. Governor

Wilson wants this done. He hopes and
expects to select a cabinet of ten mem-
bers, instead of nine. For the head of
such a department some leaders are al-
ready suggesting John Mitchell. Chair-
man Wilson of the House labor commit-
tee also has been suggested.
